

PRODUCT SPECIFICATIONS

20-Foot Cannabis Room Scalable Grow Facility

20' x 9'10"

For growers with limited space, our modular or high cube grow room is the ultimate turnkey growing facility for cannabis growers to streamline the start-up process.

Engineered growing environment with optimal lighting and temperature

Fixed grow space with less of the cost

ROI that can be realized in months rather than years

Crops that are free from contamination

Increased potency and quality of the end products

This grow facility provides the ability to build a uniquely scalable operation that fits any grower's specifications and keeps the grow footprint to a minimum, while still maintaining high yields.
